

### Description

- ◆ A £2.1m new build and refurbishment studio school project at Odd Down, Bath. The building was completed in September 2014
- ◆ Main contractor Kier built the school to design by Aedas Architects, SDS and Mott McDonald
- ◆ The school has been designed to mirror real work places and specialise in vocational training in creative media, journalism, broadcasting, business and IT
- ◆ The Bath Studio Trust in partnership with the Education Funding Agency and The Department of Education developed the project in collaboration with local schools and employers
- ◆ Work included a main hall and specialist media and design classrooms for 14-19 year olds

### Involvement

- ◆ Developed mechanical & electrical performance specifications
- ◆ Work encompassed designs for graphics suite, innovation suite, wet science, science break-out, and new modular buildings

### Benefits Delivered

- ◆ New low energy extension to existing special school with lab facilities and open learning for mixed curriculum working on live site and delivered under the Scape framework
- ◆ Provided guidance to the collaborative design team on options for delivering the building energy strategy for compliance with Building Regulations

*One of the 13 Studio Schools across the country to be given the go-ahead by the Department of Education.  
Equipping the next generation with vocational and life skills learnt in real work environments*
